

Salmon Life Cycle Puppet: planning sheet

Name: _____

Group Members: _____

<p>Define - What part of the salmon life cycle will I be creating?</p>	<p>Ideate - What are my ideas for creating a salmon life cycle puppet?</p>
<p>Prototype - What materials and skills do I need to create my salmon prototype?</p>	<p>Prototype - Illustrate and label your salmon puppet including colours, materials, size (dimensions with units), etc., before constructing your salmon puppet.</p>

<p>Test - What teacher or peer feedback did I receive? What changes need to be made?</p>	<p>Make - Final puppet creation</p>
<p>Share - How will I share my final salmon puppet with my group and others?</p>	<p>Reflect - What are you proud of? What worked well? What needs improvement? What skills do you want to continue to practice in the design process?</p>
