BELOW WATER

WHO IS ANNIE SUNBEAM?

ANNIE SUNBEAM™ IS AN INTERPLANETARY BEING, WITH EXTRAORDINARY POWERS AND EXTRATERRESTRIAL TECHNOLOGY. THE HEROIC LEADER OF THE SOLUTION TO POLLUTION CREW™ (STP CREW) IS AN AGELESS BEING WHO TRAVELS TO PLANET EARTH IN HER BRIGHT SPACE CAB WITH ADVANCED TECHNOLOGY AND SUBMARINE CAPABILITIES. SHE COMES TO EARTH FOR A VACATION AND TO CONNECT WITH MEMBERS OF THE STP CREW THROUGHOUT THE PLANET. ON HER VOYAGE, SHE LEARNS OF THE EXTENSIVE DAMAGE TO THE EARTH AND ITS NATURAL RESOURCES. HER VACATION TURNS INTO AN INVESTIGATION OF A STRANGE DAZE THAT IS AFFECTING HUMANS AND THEIR UNCARING TREATMENT OF THEIR PLANET. ANNIE COMMUNICATES WITH ANIMALS AND HUMANS. HER HOLOGRAPHIC SUNNYBEAM GLASSES AND SPACE CAB HAVE SUPER POWERS AND COMMUNICATION CAPABILITIES. THEY EMIT SUNNYBEAMS, WHICH TEMPORARILY BREAKS DOWN THE MIND-CONTROLLING DAZE, WHICH IS AFFECTING HUMANS AND HOW THEY ARE HARMING THE ENVIRONMENT, OCEANS, RIVERS AND STREAMS. THEY ALSO CONNECT HER WITH HER STP CREW.

PROTECTING OCEANS, FISH AND ALL LIVING CREATURES THAT LIVE IN THEM, IS #14 OF THE 17 SUSTAINABLE DEVELOPMENT GOALS, OR "SDGs." JOIN ANNIE SUNBEAM AND FRIENDS ON THIS IMPORTANT MISSION TO CREATE AWARENESS AND CHANGE FOR BETTERMENT FOR ALL.

JUST PAST THE PLANET VENUS...

ANNIE, WE SHOULD BE REACHING EARTH SHORTLY.

JUST IN TIME, FRED!

I CAN'T WAIT TO PICK UP ALL OF MY FRIENDS THERE AND KICK BACK AT THE HOLIDAY RESORT!

LENNY, LOLA! ARE YOU GUYS PACKED AND READY?

WE ARE READY TO GO!

BUT OUR PLANET IS IN CRISIS MODE!!

REACHING EARTH'S ATMOSPHERE IN 3... 2... 1...

HMMM. WE WILL HAVE TO INVESTIGATE. HEADING YOUR WAY NOW!

UGH! WHAT HAPPENED TO THIS PRISTINE PLANET?

THE WATERS ARE POLLUTED, THE CORAL REEFS ARE DYING.

WE ARE STARVING. THE BIG FISHING COMPANIES ARE OVERFISHING AND TAKING ALL OF OUR FOOD!

THE HUMANS ARE ENGULFED IN A STRANGE DAZE.

THEY AREN'T AWARE OF THE DAMAGE THEY ARE DOING TO OUR FISH STOCKS AND WATERS.

MY SUNNYBEAMS...

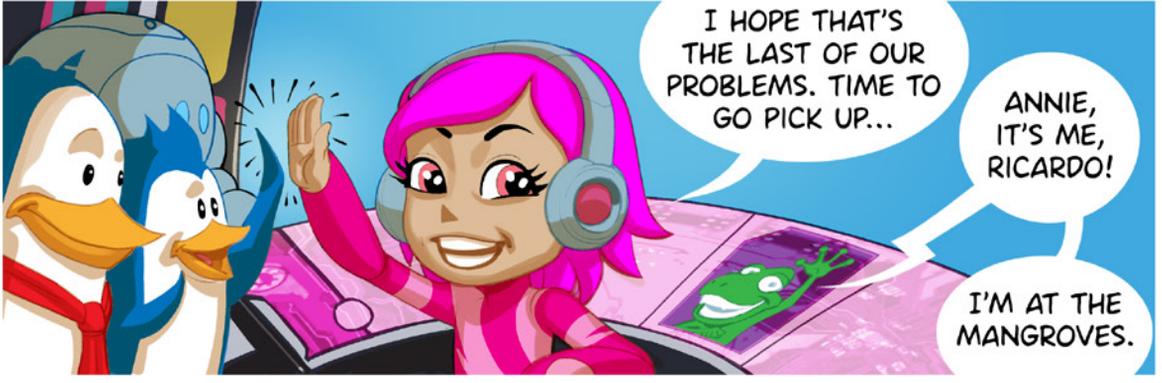

...WILL CLEAR THEIR HEADS!

YEAH!

BY 2020, THE PLAN IS TO WORK TOGETHER TO END OVERFISHING AND ILLEGAL FISHING.

I HOPE THAT'S THE LAST OF OUR PROBLEMS. TIME TO GO PICK UP...

ANNIE, IT'S ME, RICARDO!

I'M AT THE MANGROVES.

WE'RE ON OUR WAY, RICARDO!

A FEW MINUTES LATER...

YUCK! THIS POLLUTION IS DISGUSTING. I FEEL SICK TO MY STOMACH!

FRED, WHAT HAS HAPPENED TO THIS BEAUTIFUL PLANET?

CAN YOU WAKE THEM UP?

ENGAGING SUNNYBEAMS!

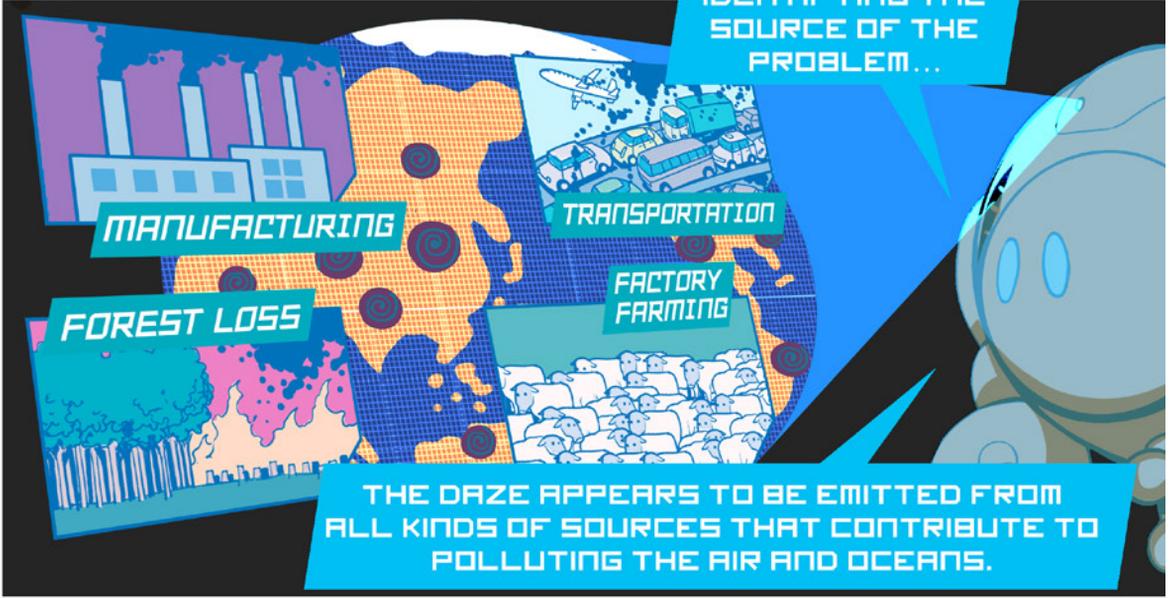

ZZZAAP!

THIS UNUSUAL DAZE IS TURNING HUMANS INTO POLLUTERS.

WHERE IS IT COMING FROM?

IDENTIFYING THE SOURCE OF THE PROBLEM...

MANUFACTURING

TRANSPORTATION

FOREST LOSS

FACTORY FARMING

THE DAZE APPEARS TO BE EMITTED FROM ALL KINDS OF SOURCES THAT CONTRIBUTE TO POLLUTING THE AIR AND OCEANS.

OMG! IT LOOKS LIKE THE DAZE IS EVEN UNDERWATER.

SWITCHING INTO SUBMARINE MODE.

BUCKLE UP AND HOLD ON!

SPLASH!

ANALYZING CORAL REEF 2

EVERYTHING LOOKS OK FROM THIS SIDE...

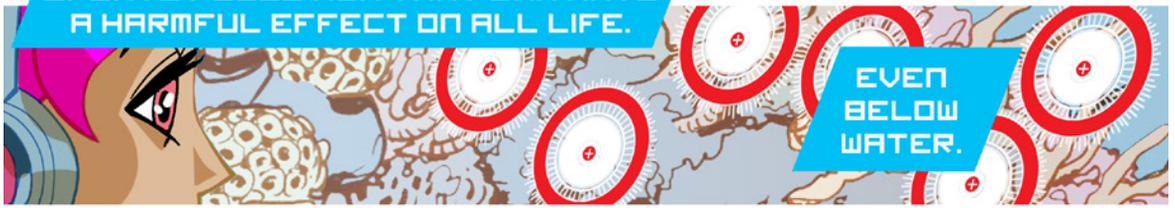

OHH NO!

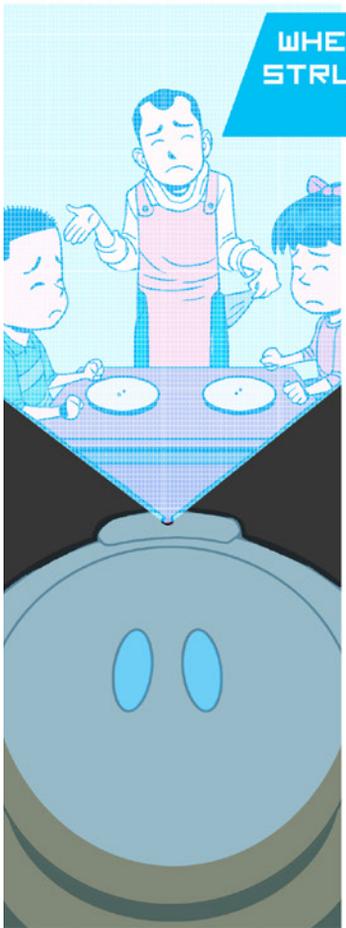

THE REEF APPEARS TO BE DAMAGED FROM THE RISE IN WATER TEMPERATURE AND INCREASE IN CARBON DIOXIDE...

...OR WHAT THEY CALL ACIDIFICATION.

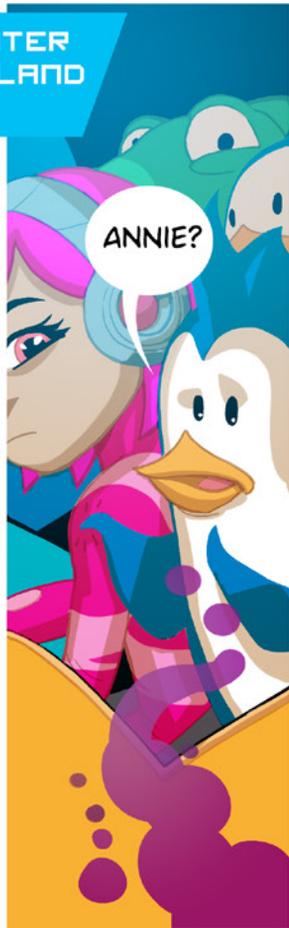

HUMAN ACTIVITY ON LAND CAN CREATE POLLUTION THAT CAN HAVE A HARMFUL EFFECT ON ALL LIFE.

EVEN BELOW WATER.

WHEN LIFE BELOW WATER STRUGGLES, LIFE ON LAND GETS HURT TOO.

ANNIE?

WATCH OUT!

EVASIVE
MANEUVERS!

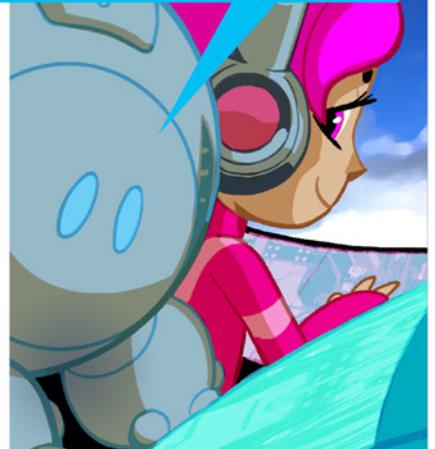

ZZZZZAAAP!

WOW!
WE NEED TO
BE CAREFUL.

WE ALMOST
GOT TRAPPED
INSIDE THE
DAZE!

MY
SUNNYBEAMS
CAN DISSOLVE
IT, BUT ONLY
TEMPORARILY.

IF YOU MAKE SIMPLE CHANGES IN
YOUR DAILY LIFE YOU CAN HELP REDUCE
FOSSIL FUEL EMISSIONS AND HELP SAVE
MARINE LIFE AND ECOSYSTEMS.

ONLY HUMANS CAN STOP THE DAZE FROM COMING BACK.

THEY CAN CHANGE THE TYPES OF FOOD THEY CONSUME.

YES, AND CHANGE THEIR MODES OF TRANSPORTATION.

STRAIGHT AHEAD, I SEE MORE...

ZZZZZAAAP!

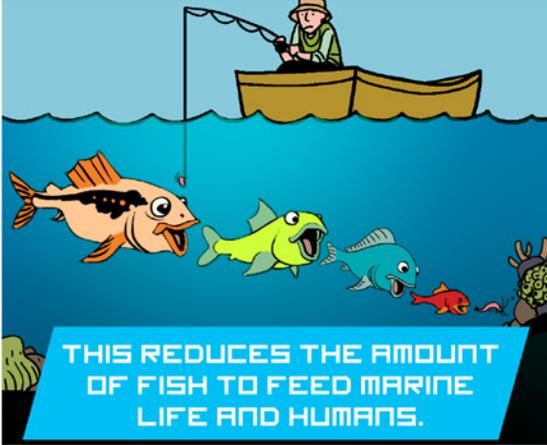

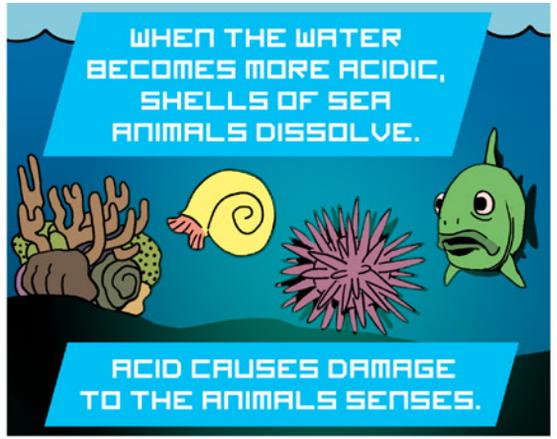

NOW WE NEED TO STOP THIS THING FROM COMING BACK!

WE CAN'T ZAP EVERY SINGLE DAZE.

WHEN HUMANS MAKE CHANGES, THE SOURCE OF THE DAZE WILL DIMINISH.

WE'VE ARRIVED AT THE RESORT.

NOW WE CAN START OUR VACATION!

I SPY HOW TO PROTECT LIFE UNDER WATER

HI, I'M
**ANNIE
SUNBEAM!**

CAN YOU
SPY WAYS
TO STOP THE
SOURCE OF THE
DAZE AND
SAVE MARINE
LIFE?

How to Protect Life Under Water Key:

Recycle. Pick up trash. Clean up litter from the beach. Use canvas bags to hold books and groceries. Ride a bike. Drive electric car. Wind Powered energy. Plant trees/garden. Install solar panels on your home. Sustainable fishing practices (purchase MSC Certified Fish).

SUSTAINABLE DEVELOPMENT GOALS

17 GOALS TO ACHIEVE 3 EXTRAORDINARY THINGS IN THE NEXT 15 YEARS...

1. END EXTREME POVERTY
2. FIGHT INEQUALITY AND INJUSTICE
3. FIX CLIMATE CHANGE

TO REALIZE THESE GOALS EVERYONE, HOWEVER YOUNG THEY ARE, NEEDS TO TAKE PART. SO JOIN OUR MOVEMENT, SHARE THE NEWS ABOUT THE GOALS AND ENCOURAGE OTHERS TO BECOME THE GENERATION THAT CHANGED THE WORLD!

SUSTAINABLE DEVELOPMENT GOALS

GOAL 14: LIFE BELOW WATER

Conserve and sustainably use the oceans and seas marine resources.

To achieve Goal 14, the Countries have agreed to:

- Reduce marine pollution by 2025, since much of the pollution comes from human activities on land.
- Enact laws that prohibit illegal fishing, over fishing, and other destructive fishing practices.
- Provide financial support to the poorest countries and small islands to protect and have better management of marine resources, thinking about the future.
- Minimize and address the impacts of ocean acidification.
- By 2030, increase the economic benefits to small island developing States and least developed countries from the sustainable use of marine resources, including through sustainable management of fisheries, aquaculture and tourism.

AS A MEMBER OF ANNIE SUNBEAM'S SOLUTION TO POLLUTION CREW, YOUR MISSION IS TO TELL FRIENDS AND FAMILY ABOUT THE IMPORTANCE OF PROTECTING THE OCEANS AND YOUR ENVIRONMENT. TO LEARN MORE ABOUT STOPPING THE DAZE FROM CONTROLLING THE HUMAN RACE GO TO ANNIESUNBEAM.COM.
